

Davy,

Do we have the actual grid position and any confirmation from those that put the grid in place that they have done it correctly. Is there any verification that we have it correct.

If we do then I will respond. I will also write to the MSP and MP making it clear that we wish as a Company to engage with local communities but we will refrain from doing so while they are abusive and critical of our employees.

Let me know what we have on the grid and we will see how to deal with this.

Who is Angus Campbell by the way?

Thanks

Stewart

FYI

This shows how low the idiots we are dealing with will stoop. Rebecca is not going to respond. Nor will I, but I know what I want to do!! I'm not even sure where this came from in the first place or what triggered it, but the guy is getting way to personal.

Over to you, if you feel a response should be made.

Davy

the mooring grid is not in the right position as she claims

her job in the company is to creat max confusion and she is very well know expert in that, everything she states has to be followed up.

Regards

Angus
