Dear Mr Staniford

REQUEST FOR INFORMATION

Thank you for your recent request, received by SEPA on 04 January 2017, in which you asked for the following information:

Please provide information on "alternative means of controlling sea lice" since 1 January 2016.

Please therefore include information on any discussions, meetings, correspondence and other dialogue and partnership with the fish farming industry (e.g. emails with SSPO), the Scottish Government, the Scottish Aquaculture Innovation Centre and other key partners.

Please consider this a request for information under the relevant Freedom of Information and Environmental Information Regulations including both the Freedom of Information (Scotland) Act 2002 and the Environmental Information (Scotland) Regulations 2004 (as well as any other new or other regulations which may be appropriate).

We have applied the exemption under Section 39(2) of the Freedom of Information (Scotland) Act 2002 as we have determined that the information sought in your request is environmental information. We are therefore handling your request under the terms of the Environmental Information (Scotland) Regulations 2004 (EIRs). In this case the public interest in maintaining this exemption and in dealing with the request in line with the requirements of the EIRs outweighs any public interest in disclosing the information under FOISA.

Please refer to the enclosed documents for all information held by SEPA alternative means of controlling sea lice since 1 January 2016. Please note that personal information have been redacted from the documents in accordance with Regulation 11(2) of the EIRs and Data Protection Principles.

If you are not satisfied with our response, you have up until 29 March 2017 to request a formal review from SEPA at:
