Ian, Kenny,

Hope all is well with you both.

After two and a half years and countless consultants our Part A PPC application was submitted to SEPA yesterday.

The application has hundreds of pages of information attached to it and if you want a copy please let me know.

If you can exert any pressure on SEPA to process the application asap I would be obliged as we are in the final stages of preparing / commissioning the equipment and will be ready for operation once the permit is granted.

i am sure we will all be glad once the new system is in full flow.

Any queries please do not hesitate to get in touch.

Ralph Thompson
