Subject: Aquaculture - CleanTreat

Hi

1. I understand [redacted] passed on Mr Ewing's request for details about outstanding CAR applications – grateful for an update please.
2. We have also had a request from Mr Ewing for information about the situation regarding the following:

“Mr Ewing would like advice from SEPA + MS LOT on the current progress of Benchmark's application for field trials of CleanTREAT + Ectosan in Scotland. For those who are not aware of the system - CleanTREAT is a system which 'cleans' the sea lice treatment chemical (in this case a new product Ectosan) from water before the water is discharged. <http://www.benchmarkplc.com/articles/cleantreat-by-benchmark/> .

[redacted] outlined that the company wish to push forward with trials in Scotland (trials already happening in Norway) – and that Marine Harvest [redacted]) as partner wants to get this off the ground as soon as possible. It was claimed that neither SEPA nor MS LOT could confirm to the company who the regulatory lead on their application would be. [redacted] said that progress with regulators was slow and that they wished to speed things up. Hence Mr Ewing's request for immediate advice.”

Happy to discuss – by phone if appropriate

Thanks
